

Aarav Sharma

aarav.sharma@example.com | Bengaluru, India | github.com/aaravsharma

PROFILE

Data Science intern with hands-on experience building Python machine learning models, analyzing structured data, and communicating insights through dashboards.

SKILLS

Python, pandas, NumPy, scikit-learn, SQL, statistics, machine learning, data visualization, Streamlit, Git

EXPERIENCE

Data Science Intern - Insight Labs (May 2025 - July 2025): Cleaned customer datasets with pandas, engineered features, trained classification models with scikit-learn, and presented model metrics to stakeholders.

PROJECTS

Customer Churn Prediction: Built a reproducible Python and SQL pipeline, compared logistic regression and random forest models, and published an interactive Streamlit dashboard.

EDUCATION

B.Tech Computer Science and Engineering, National Institute of Technology, 2026 | CGPA 8.7/10
